EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jeniffer P. Yancy on September 01, 2006.

The application has been amended as follows:

Cancel claims 10 and 16.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: claims 1-5, 7-8, 11-15, 17-.30 are allowed over the prior art of record. The prior art of record fails to disclose the membrane proteins "incorporated" into the copolymer matrix. Applicant's response on "remarks" of paper of 6/22/06 is persuasive. The term "incorporated" into the copolymer matrix is interpreted as within the copolymer matrix, which according to the specification requires linking the protein to the tri-bloc copolymer (see specification, paragraph [0061]).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
